Date of Request: 23rd March 2014

Project Description: International Student Association (ISA) of the University of Oregon is preparing for the 2014 International Week and Night to be hosted May 5-9, 2014. International Night will be hosted on May 6th.

ISA represents more than 2 900 UO International students (and about 400 in the residence halls) from 90 countries. These students contribute to the cultural diversity and global engagement of our entire campus, and of the wider Eugene-Springfield community. They are also the embodiment of our global reach and the worldwide dimensions of our academic excellence. During I-Week and I-Night, students and local communities from Eugene-Springfield area will introduce and showcase their unique cultures.

International Week and Night is an event that celebrates our international community and allows all students to engage in educational and enriching cultural activities such as African dance workshops, Latin American music hour, cultural crafts, Taiko drum demonstration and presentations by inspirational speakers.

International Week and Night concludes the weeklong series of event with an evening of cultural performances, exhibitions and food from every part of the world. We are hoping to bridge the gap between the domestic students and the international students by introducing as many diverse cultures as possible throughout our events.
