Name of Project: Pianos for Practice Rooms

Responsible Individual: Matika Levy

Email: matika@uoregon.edu

Date of Request: 1/18/19

Project Description: One thing I've noticed when using the music practice rooms that there are no pianos. Many residents play piano, or simply enjoy playing around on one. As a singer, I know that pianos are very helpful when practicing or learning new music. They are also very loud instruments. Complaints often come from adjacent halls about noise levels when residents play late at night. While it's difficult to tell someone to stop playing piano, perhaps having ones available in mostly soundproof practice rooms would be beneficial to residents who want to play late, and residents who want to sleep. Some people who may be self-conscious about their abilities would also be able to practice in comfort. The pianos would be placed in practice rooms, and would have to be specifically asked for. That way the service centers would have records if any damages occurred. Practice rooms are available in Hamilton, Walton, and the Global Scholars hall and each set of practice rooms would receive a piano keyboard, a bench, and a stand.

Name of Organization and/or Individuals: Arab Student Union

Name of Project: Winter Hafli

Responsible Individual: Sam Klotz

Email: klotz@uoregon.edu

Date of Request: 1/27/13

Project Description: Winter Hafli will take place on Saturday, February 2nd in the EMU Ballroom. It will start at 6:00pm and go until 9:00pm. We expect 200-250 people to attend the event. All community members, staff, faculty, and students are invited to this event. There will be live traditional Arab music, Arab cuisine, and traditional folk dancing "dabke." This is a family friendly environment, and a great place to dance and enjoy the company of a variety of people.

Total Cost of Project: \$4,000

Total Requested from RHA: \$300

Name of Organization and/or Individuals: Bike Repair

Name of Project: Bike Repair Station for Barnhart

Responsible Individual: Forrest Murphy

Email: fmurphy@uoregon.edu

Date of Request: 1/31/13

Project Description: As you all may know, there are a lot of residents that live in Barnhart. As you may also know, Barnhartians typically use bikes as their source of transportation due to the distance from campus. What you may not know, is that we don't have a bike repair station! There are so many bikes at Barnhart, and kids can't do anything if their bike gets messed up, unless they want to carry an 'awkward-to-carry' steel object to campus. Riley would also be free to use this bike station as well, considering they are our humble neighbors and also use bikes as their main source of transportation to campus. Side Note-The other bike stations were installed with grants, and the grant money is long gone, otherwise that would have been the source of funding for this project!

Budget Line: Capital Improvement

Cost Breakdown / Alternate Funding:

We thought this was a great use of capital improvement. This will improve the lives of around 500 students!! We will be covering the rest of the cost with Barnhart funds.
