Hamilton already has nine of these 40 watt, 48 inch fluorescent black lights and although Walton hall has borrowed them in the past when needed, there have been instances where both halls want to use them, and Hamilton gets first choice. Date of Request: 10/17/2012

Project Description: The residents of Barnhart want to decorate pumpkins! Campus is having a pumpkin decorating event, but that doesn't work out too well for the residents that are far away. We will be getting really small pumpkins and decorating them with paint and markers. We will be hosting this event for our residents on Thursday, October 25th. It will be a 2 hour long event. We won't be carving the pumpkins for the sake of messiness. We will have snacks and refreshments available for all the residents who partake in the tiring but fun event of pumpkin decorating. Also, all the RA's will have the underside of the pumpkins marked so each student is responsible for their pumpkin. The Barnhartians would really appreciate not having to walk many blocks home with a pumpkin in the rain and have the paint run on them.

Date of Request: 10/19/12

Project Description: Riley Hall is looking to have a pumpkin carving day October 30th at 7:00pm in the Riley kitchen. It will serve to build friendships and community within the hall. Additionally it will provide carved pumpkins for decorations to adorn any will participants room and capture the Halloween spirit. We are aware of the RHA sponsored pumpkin decorating but decided to set up our own event because of the location of Riley and distance involved in participating in the RHA sponsored event. Please consider our funding request because it will serve the resident of Riley well and is relatively low cost for such an endeavor. Also we believe the turnout will be sufficient because we have had upwards of 20 people express interest in a pumpkin carving event.
