Project Description: As a new residence hall, the Global Scholars Hall is still working on acquiring many of the amenities that are enjoyed by the other buildings. In particular, our Service Center Assistants have noted that our DVD collection is smaller and less diverse than the other residence halls and we do not have enough functional Blu-ray players to meet resident demand. In fact, residents have been going to other halls to check out movies because our selection is so limited. We would like to purchase one additional Blu-ray player and a new HDMI cable so we have a player for each tower, as well as movies to bolster our collection. The movies being purchased were selected by residents and we also hope to purchase items that are not available in other halls to widen the selection of the resident community. We are contributing \$100.00 from our hall budget to pay for the Blu-ray player, as this item will only benefit the residents of our hall.

Project Description: Global Scholars will host a formal Yule Ball on the first Saturday of winter term (January 12, 2013) open to all residents in the Great Room (aka Great Hall). This will be a large and hopefully to be signature event of GSH. We will provide a DJ, Harry Potter candy and beverages. Halfway through the evening, we will have a formal dance instructor for half an hour to teach some ballroom/swing dancing. Admission will be free but tickets will be required for admittance. We will have ticket days shortly before the event where tickets will be given out at every service center and there will be the option of donating to one of three charities. We had an open forum with residents about what they would like to see at the Yule Ball and we shall continue to work with residents to plan this event.
