Project Description: Last year, the Global Scholars Hall partnered with the PE and Rec Center to offer hour-long Group Fitness classes in the Great Room on Wednesday evenings. RHA funded the classes for winter term and spring term of 2013. Each class had at least ten participants, with some of the largest classes having more than thirty. The students who attended were not only GSH students, but residential students from across campus. As these classes typically cost money to participate in at the Rec Center, students have been pleased to see the classes offered for no charge in GSH. This term, we have already advertised these opportunities over the RHA listserv, the student staff listserv, and the professional staff listserv. We will also post the events on the GSH facebook page each week. The Rec Center also created signage by their group fitness studio in order to better advertise this opportunity to all residential students. I am requesting money to fund the program again for the 2013-2014 academic year. This term, the classes will take place on Wednesdays at 6pm. We are trying an earlier time for fall term to see if that increases attendance, based on trends observed by the PE & Rec Center. Times for winter and spring term are TBA based on the data we will collect in the fall.

Total Cost of Project: \$540

Total Requested from RHA: \$540

Budget Line: Residence Hall Support

Cost Breakdown / Alternate Funding:

Because I'd really like these classes to be open to all residents, I am requesting total funding for the year from RHA versus asking the GSH Hall Government to fund the classes.

Project Description: At the end of the 2012-2013 academic year, I learned that students on one of the floors in GSH had broken the connections on the back of their TV while trying to connect gaming systems. I had been aware all year that it was challenging to connect those systems to the TVs. A Custodial Worker in the building informed me last week that, in other communities, they have switch boxes that hang down from the TVs in order to make connecting devices easier. This will also cause less damage to the connection ports.

Budget Line: Capital Improvement

Cost Breakdown / Alternate Funding:

If you all would prefer, I am happy to ask the GSH Hall Gov for some of this funding, but I thought this could be a good project for the Capitol Improvements fund.
