TV Policy Update

This week not a ton has happened. Facilities wants a very coordinated system, so that means drawing up a contract, and facilities needs to look at all the halls to get a look at the walls.

Constitution Edits

The proposed constitution edits are on the website under the “Documents” Tab in the meeting minute’s section. Also, the proposed amendment last week for the capital improvement was changed a little bit so we won’t be voting on them this week. That change is on the RHA website in the bylaws. The constitutional changes proposed this week mostly include changes to the exec board positions. All of the specifics (I’m saying this because the third time is the charm) are on the website

rha.uoregon.edu -> Documents Tab on the black bar -> Meeting Minutes -> January 2014 Meeting Minutes.

Note: Some small grammatical friendly amendments were made in general council are not reflected on the documents online. Also, there was a friendly amendment to strike the responsibility of the NCC to create a brochure that was accepted.

**Exec Updates**

**Natasha** - The RHA Annual Drag Show will be next Thursday, Feb. 6th starting at 8:30pm in the GSH Great Room. Dux in Tux will be on March 1st at 5:30pm in the Ford Alumni Center. Three course dinner, entertainment, a photo booth, and lots of fun for only 7 points. Sign-ups will be starting soon and will be accessible via the Dash.

**Kelly** - I am working with Housing on the TV issue. I am still dealing with constitution edits, if you have something you would like changed please see me, we can make it happen. Food Forum is Friday at 2:00, get free food, and complain! Also, devoting some time to the Bean Door Policy, and the Bathroom issues, though we try to fill Housing with one policy at a time. I will have an election timeline as of next week, if you are considering running please talk to me or any other executive board member. Housing is looking into making adjustments to its budget, which may include minimizing piano repair cost by getting rid of them.

- The floor was opened for opinions, the majority of us thought that idea wasn’t a great one.
- A compromise was suggested that maybe Housing should use keyboards to cut down on maintenance costs.
- There were some proposed options (with votes): Get rid of pianos- 0, change to new technology (like keyboards)-14, and continue the process of tuning pianos-14

**Josh** - Winter Leadership Retreat: It's happening THIS WEEKEND! If you signed up to attend and haven't yet, PAY! We have some last minute cancellations, so if you want to sign up, do so ASAP! The form is still up online, fill it out! Preparing a survey to send out to y'all on what's working with your hall governments and what isn't to plan future in-services.

**Sierra** - I want to encourage productive conversations to take place in general council, I understand that cyclical conversations should be yield but feel as though it’s important for discussion to occur on important issues. I also wanted to remind you that you have the right to amend any motions on the floor if you feel that your hall would be in more support for that change. If you have any questions or if we are moving too quickly please feel free to speak up and talk with any of us executive board members. I have been working on getting prepared for No-Frills as well as writing Bids for our school this last week and I can’t wait for the Winter Leadership retreat this weekend.

**Tika** - I got nothing. Hang in there around midterms people.
